Partnership for Place

michigan municipal league

- Pillars for strong communities
 - Michigan in Motion
 - Promoting multimodal transportation systems that will accommodate all users, i.e. pedestrians, bikers, public transit riders, and drivers. Complete system that works seamless to move people.
 - Place for Talent
 - Talent is attracted to vibrant places with robust services and amenities. Partnering with the State to attract and retain talented workers in our communities through placemaking policies.
 - Strength in Structure
 - Seeking out solutions to invest in infrastructure and development where it will produce the best results and target resources with maximum outcomes.
 - Funding for the Future
 - Making sure that appropriate funds and tools are available to operate efficiently and work regionally in order to succeed globally.

Placemaking

michigan municipal league

- Definition: Capitalizing on the distinctive assets of a community to integrate a mixture of uses that connect people and places on a human scale. It is a scalable strategy to create adaptable, economically competitive 21st century communities worth caring about.
- Footnotes version: a way of making Michigan a place where people want to live, both now and for generations to come.
- Creates connections between the residents and their community

Transportation Priorities

michigan municipal league

- The League's #1 priority is helping with the successful passage of Proposal 1
- Why is it our #1 Priority
 - Critical need for more investment to help improve failing infrastructure in cities and villages all across Michigan
 - Will help provide critical resources to help communities shape their environment around placemaking
 - Safety

Building Relationships

michigan municipal league

- Committed to working with the Department of Transportation and the Legislature
- Past success
 - Angled Parking
 - Reporting Requirements
- Challenges
 - State Trunklines
 - Funding

The Big Picture

michigan municipal league

- Our transportation network is more than just curb to curb
- Cultural Shift
 - Declining VMTs
 - Increase use in alternative modes of transit
 - Desire for walkable communities
- Goals
 - A system not solely based on how fast we move people and goods.
 - Should offer minimal conflicts between modes and has clear expectations for its users
 - Should not create barriers to destinations or endanger a particular user group

The Big Picture

michigan municipal league

- Talent Attraction and Retention
 - Attracting and retaining talent integral to Michigan's comeback
 - Vibrant communities are a vital piece to the retention puzzle
 - 2/3 of MI college grads who move out of state choose where to live BEFORE looking for a job
- Designable Moment
